ROLL OUT Conserv-a-file

THE MOST IMPORTANT ADVANCE IN FILE CABINET DESIGN SINCE 1893

ROLL OUT SHELVES CUT FILING TIME 1/3!

Roll Cut is not shelf filing because its shelves roll out. Records are exposed from the top and sides for high speed drop or shelf filing. Tested 35% faster, more efficient. With Roll Out, you can save $\frac{1}{3}$ of every clerk's filing time every day of the year!

HOLDS OVER TWICE AS MUCH IN HALF THE FLOOR SPACE!

Just one Roll Out unit holds almost as much as $2\frac{1}{2}$ four drawer files... in half the floor space! Pays for itself in floor

space savings alone. Helps solve expansion problems in your present office. May eliminate the need for larger quarters. And besides, it's less expensive right from the start. You pay for just 1 unit, not $2\frac{1}{2}$!

TAKES ANY FOLDER - EVEN CARD TRAYS!

No need to spend a cent for new folders. Just transfer the old ones. Even adapts to take hanging file folders, card files, check files, photo files etc. Letter or legal size units of 2, 3, 4, 5 and 6-tier capacities.

ROLL OUT CONSERV-A-FILE 3000, 3600 & 4200 FS SERIES

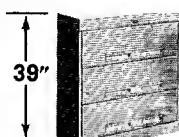

There are four basic models of Roll Out Conserv-a-file: desk height (2-tier), counter height (3-tier), 4-tier and a 5-tier unit. In the 3600 and 4200 Series, a 1-tier STACK-ON model, which becomes an integral part of the basic unit, may be added to expand filing capacity as it is needed. As a result, by using or combining the basic floor models with STACK-ON units, 3600 and 4200 Series Roll Out Conserv-a-files are available in 2, 3, 4, 5 and 6-tier units to satisfy any need. The 3000 Series units are available in 2, 3, 4 and 5-tier units only.

DESK HEIGHT 2-TIER

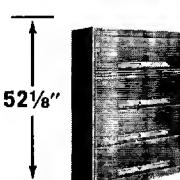

Linear in. cap.
3000—Letter—56 1/4";
Legal—53 1/2"
3600—67"
4200—79"

COUNTER HEIGHT 3-TIER

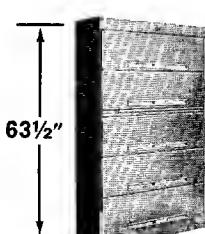

Linear in. cap.
3000—Letter—84 3/8";
Legal—80 1/4"
3600—100 1/2"
4200—118 1/2"

4-TIER

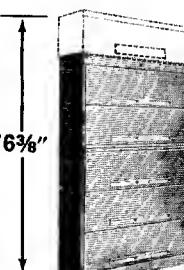

Linear in. cap.
3000—Letter—112 1/2";
Legal—107"
3600—135 3/4"
4200—158"

5-TIER

Linear in. cap.

Legal—133 3/4"
3600—167 1/2"
4200—197 1/2"

6-TIER*

Linear in. cap.
3000—not available
3600—202 3/4"
4200—238 3/4"

Note: Capacities for 3600 and 4200 Series are the same for both letter and legal size.

*These capacities achieved with use of 1-tier STACK-ON unit.

DIMENSIONS: LETTER SIZE—3000 Series—30" wide x 17" deep
3600 Series—36 3/4" wide x 17" deep
4200 Series—42 3/4" wide x 17" deep

LEGAL SIZE—3000 Series—30" wide x 20" deep
3600 Series—36 3/4" wide x 20" deep
4200 Series—42 3/4" wide x 20" deep

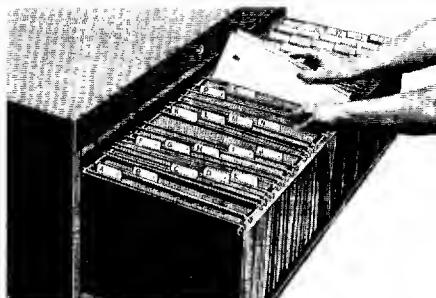

STANDARD COLORS: Mist Green, Desert Sage, Beige, Gray and Black. Decorator colors of Bamboo, Brown, Ice Blue, Charcoal, Bone White and White available at slight additional charge.

*The file cabinets of the future, today...
are packed with so many special features...*

ROLL-OUT CRADLES

A break-through by SUPREME... it glides at the touch of the finger at any point... every record at a glance, immediately available from front, side, top... especially recommended for drop filing... no conversion or relabeling of folders.

ADAPT FOR SUSPENSION FOLDERS

Roll Out cradles of the FS Series may be adapted to accommodate hanging file folders. Suspension rods, which just snap into place, are optional. When cradle is fully extended, folders are completely exposed for maximum accessibility and speed.

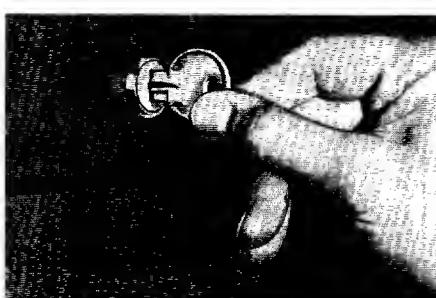

ADJUSTABLE DIVIDERS

Each Roll Out Conserv-a-file comes equipped with 2 or 3 metal dividers per shelf adjustable every 2 inches without any tools required. Additional dividers are available if desired. Records are more easily sectioned off, found more quickly and they remain upright and neat.

RETRACTABLE DOOR (Optional)

For protecting records, especially in dust-laden atmospheres... quick, smooth opening and closing... out of the way during filing.

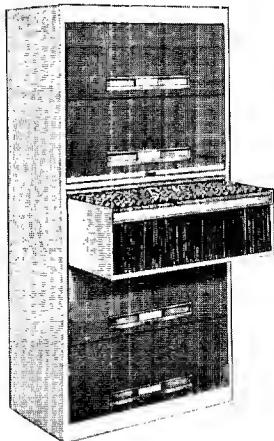

EXCLUSIVE* GANG LOCK MECHANISM (Standard on 2- and 3-tier floor models, all others optional)

An exclusive SUPREME feature that saves time in locking and safeguards records... one key, one turn, one second... and all compartments of an entire unit and same time.

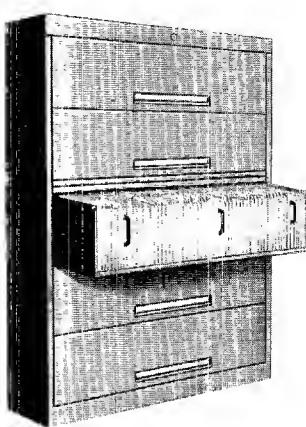

RETRACTABLE POSTING SHELF

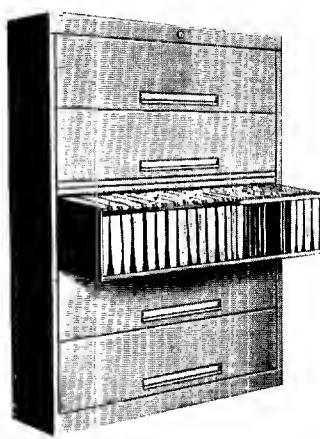

Handy posting shelf, pulls out to offer a 13" x 35" working surface. Notations are made quickly and posting is done without moving away from the file. Shelf is at convenient writing height. No reaching up to write as on the top of a regular drawer file.

NEW! 3000 SERIES
30" WIDE

3600 SERIES
36 3/4" WIDE

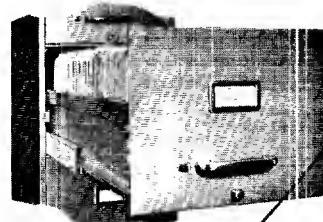

4200 SERIES
42 3/4" WIDE

Now, using combinations of 30", 36 3/4" or 42 3/4" wide Roll Outs, hardly a drop of floor space need ever be wasted!

NEW LETTER SIZE 3000 SERIES FEATURES INVISIBLE SUSPENSION AND NEW DOOR

Full suspension system of new 3000 Series Letter Size Roll Outs has no conventional suspension slides. Because no space is sacrificed to slides, almost every fraction of the unit's 30" width can be used for effective filing space. New 1-piece door construction makes new locking device more secure than any yet devised.

See space wasted by slide of conventional file? Note how lack of slide in 3000 Series unit (see illustration) saves this space.

ROLL OUT CONSERV-A-FILE SAVES

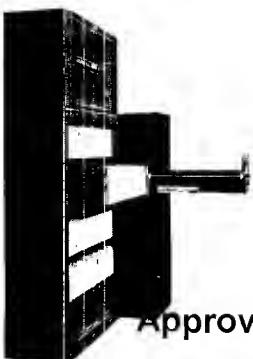

PERMITS DROP OR SHELF FILING

Because its shelves roll out, records in a Roll Out Conserv-a-file are exposed from the top as well as the sides permitting high activity drop or shelf filing. Even permits two or more people to work at the same unit simultaneously. Tests prove this maximum accessibility increases speed and efficiency up to 35%!

CAN BE ADAPTED FOR CARD FILES!

Or photo negatives! Or any small records filing! Roll Out Conserv-a-files may be adapted to accommodate 5" x 3", 6" x 4" and 8" x 5" card trays. In addition, a single roll out cradle may be replaced with two half cradles for use only with card trays. Enables Roll Out to hold an enormous amount of cards in minimal amount of floor space. Available on special order only.

SAVES ALMOST 1/2 THE AISLE SPACE!
Roll Out Conserv-a-file requires only minimum aisle space of 30" compared to 56" for a conventional drawer file.

ALL RECORDS MAY BE EXPOSED SIMULTANEOUSLY!

The doors of each Roll Out Conserv-a-file may be retracted to expose every drawer shelf in an entire department! Open them all once in the morning, close them at night! The wasted during the day opening and closing drawers. This speeds location and access to records to a degree impossible to achieve in a conventional drawer file installation.

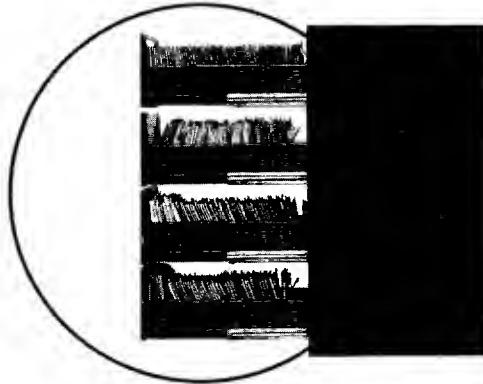

Roll Out Conserv-a-file concentrates more than twice the amount of records in a given area than can be accomplished with conventional drawer files. This minimizes personnel fatigue by reducing amount of walking

necessary.

In addition, Roll Out Conserv-a-file reduces the number of file drawers to be opened and closed as shown in the illustration at the right. Result? Morale is higher.

TO EXPOSE 100 LINEAL FILING INCHES

**IN A CONVENTIONAL DRAWER FILE
PULL OUT 4 DRAWERS**

**IN A ROLL OUT
CONSERV-A-FILE
PULL OUT JUST
3 DRAWER-SHELVES**

IN EFFECT, A WORK SAVING OF 25%!

YOU TIME, MONEY AND SPACE!

SPEEDS FINDING TIME!

Because the sides of the file folders are exposed, a clerk can "spot the area" she seeks even as she approaches the drawer-shelf. Tests show time savings of 20% to 35% result! Further time is saved because folders may be returned without pulling out the drawer-shelf through the use of charge out cards.

HELPS KEEP A CLEAR DESK!

Desk height Roll Out Conserv-a-files are ideal for modular arrangements. Enables you to take bulky letter trays, dictating machines off the top of your desk helping you to keep it clear and organized. Both tiers may be rolled out for use without moving your chair away. The lower tier (or both) gives you your own personal file right at your fingertips.

SIT-DOWN FILING AT LAST PRACTICAL!

From a seated position, as high as the 5th and as low as the bottom tier are easily accessible for active filing operations. Because the sides of drawer-shelves are exposed, a clerk can look directly into the files. They have no fronts (as in a conventional drawer file) to look over and into.

AVERAGE FILE CLERK USES TOP TIERS WITH EASE!

Because the sides of the files are perfectly visible, the average file clerk with a reach of 2 ft. can make full use of the 6th tier of a Roll Out Conserv-a-file without the aid of a foot stool or ladder. (Each tier above the 5th, whether used for active or inactive files, provides 3 sq. ft. of storage space at negligible additional cost).

FOR INFORMATION PERTAINING TO ORDERS OR REQUIREMENTS, PLEASE WRITE US, STATING ALL PARTICULARS INVOLVED (include floor plan, if possible) OR CALL COLLECT TO BROOKLYN (Area Code 212 492-7777) STATING THAT IT IS A GOVERNMENT CALL FOR INFORMATION AGAINST CONTRACT GS-005-71150

SHIPPING SCHEDULE:

3600 & 4200 Series units—Standard units in standard colors—7 to 35 days.
3600 & 4200 Series units—Special Colors—40 to 50 days.

3600 & 4200 Series units—Special units (with 1" or 2" greater openings and with double openings) 60 to 70 days.

3000 Series units—Standard colors—7 to 15 days.
3000 Series units—Special Colors—30 to 40 days.

DAMAGES IN TRANSIT & CONCEALED DAMAGES: All merchandise is packed in compliance with carrier requirements. Examine all shipments carefully before acceptance. If there is any indication of damage or shortage, request the delivering carrier to make a notation to this effect on the bill of lading or freight bill before you sign it. If further damage is discovered after delivery, request immediate inspection by the delivering carrier. Notification of concealed damages must be made to Supreme Steel Equipment Corporation immediately upon delivery. (Claims may be rejected if notice is not given to Supreme Steel Equipment Corporation within 15 days.)

RETURNED SHIPMENTS: Returned merchandise will not be accepted unless authorized by us in writing.

CAUTION: Once the delivering carrier has a clear receipt for shipment, he is no longer responsible for shortages or damages.

TERMS: 1% 20 days.

NOTE: Order by catalog number only. Be sure to specify color on all orders for Roll-Out units.

ZONING: Destination determines applicable zone price.

ZONE 1: Conn., Del., D.C., Ky., Me., Md., Mass., N.H., N.J., N.Y., N.C., O., Pa., R.I., S.C., Tenn., Vt., Va., W.Va.

ZONE 2: Ala., Ark., Fla., Ga., Ill., Ind., Ia., Kan., La., Mich., Minn., Mo., Miss., Neb., N.Dak., Okla., S.Dak., Tex., Wis.

ZONE 3: Ariz., Cal., Colo., Ida., Mont., Nev., N.Mex., Ore., Utah., Wash., Wyo.

ROLL-OUT CONSERV-A-FILE UNITS

3000, 3600 & 4200 SERIES

STANDARD EQUIPMENT: (included in unit prices listed). Back panel, two (3000 Series) or three (3600 & 4200 Series) adjustable shelf dividers per opening adjustable on 2" centers, label holder on each door of units equipped with doors. All cradles and shelves are flanged up 5" in the rear. Gang Lock is standard on Desk (2 opening) and Counter (3 opening) height floor models of all Series and the 4 opening floor models of the 3600 and 4200 Series only. Posting shelf on 4, 5 & 6-opening units only.

LOCKS: Gang Lock is optional on 5 and 6 opening units of all Series and on the 4 opening unit of the 3000 Series. See prices listed under optional accessory equipment if required. Must be factory installed.

COLORS: Prices listed cover #62 Mist Green, #70 Desert Sage, #75 Beige, #50 Gray, #90 Black. Add \$5.00 net extra per unit for any of the following decorator colors: #76 Bamboo, #80 Brown, #45 Ice Blue, #92 Charcoal, #32 Bone White, #31 White. For two-tone combinations of any of the preceding colors, add \$2.50 net extra per unit. For matching special colors, add \$35.00 net per order on any one color regardless of quantity, if two special colors desired, add \$50.00 net per order. Sample of special colors to be matched must be submitted with order. All shelf brackets and adjustable dividers are supplied in a neutral finish regardless of color of units.

INSIDE DIMENSIONS (each opening): 3000 Series—Letter—28 $\frac{1}{8}$ " wide; Legal—26 $\frac{3}{4}$ " wide.
3600 Series—For both letter & legal size—33 $\frac{1}{2}$ " wide.
4200 Series—For both letter & legal size—39 $\frac{1}{2}$ " wide.

Clear inside height of openings of Retractable Door units with roll out cradles—10 $\frac{1}{8}$ "; without doors, 10 $\frac{3}{4}$ ". Solid Fixed Front units have 11" clear height.
All Roll-Out cradles have lip in front, flanged up $\frac{3}{4}$ ".

NOTE: All units are supplied set up welded only. Six opening units are a combination of a basic floor model unit with Roll-Out cradles in each opening, and a one opening Stack-On unit equipped with a roll out shelf. When shipped, a 6 opening unit will arrive in two cartons; one carton will contain the 5-tier floor model unit, the other carton will contain the accompanying Stack-On unit with roll out cradle. Stack-On units must be secured to basic floor model unit before use. Desk and Counter height floor models units are not equipped to receive Stack-On units.

CONVERSION TO DOUBLE OPENINGS

ROLL OUT CONSERV-A-FILE® -- 3600 & 4200 Series ONLY

CHARGES FOR SUPPLYING TWO (2) CRADLES PER OPENING TO ACCOMMODATE CARD TRAYS

in lieu of letter or legal size cradles. Charges are to be added to list prices of units to be converted.

SERIES	Price Per Opening WHEN ALL Roll Out Openings in Unit Are Converted			Price Per Opening WHEN LESS THAN ALL Roll Out Openings in Unit Are Converted			Inside Dimensions of Half Cradles (Inches)		
	ZONE 1	ZONE 2	ZONE 3	ZONE 1	ZONE 2	ZONE 3	Width	x	Depth
3600 SERIES	11.88	12.42	12.96	18.48	19.32	20.16	33½	x	12½
LETTER SIZE									
LEGAL SIZE	13.20	13.80	14.40	19.80	20.70	21.60	33½	x	15½
4200 SERIES	13.20	13.80	14.40	19.80	20.70	21.60	39½	x	12½
LETTER SIZE									
LEGAL SIZE	14.52	15.18	15.84	21.12	21.98	23.04	39½	x	15½

NOTE: To accommodate two cradles of 8" x 5" card trays in one opening, it will be necessary to order special units with 2" greater openings in height. The height of all openings in such units must be increased by the same proportion. The additional charge for these expanded openings is 15% of the unit price with doors; 10% of the unit price without doors.
